All new hunters, bowhunters and trappers must receive training before getting their first license. Students must attend all sessions, demonstrate proper attitude and safety, and pass the exam.

This is a program of the New York State Department of Environmental Conservation. Instructors authorized by the NYS DEC *donate* their time to maintain safe, ethical and responsible hunting

These courses are funded in part by the Federal Aid in Wildlife Restoration Act, supported by Federal excise taxes on hunting equipment; Hunters pay for conservation.
